Isfiya, Haifa, Israel

Computer Science graduate with a solid academic background and hands-on experience in **programming, algorithms, data structures, and web development**.

Completed a 400-hour frontend development internship, working with real-world client systems and improving product performance.

Eager to leverage technical skills to solve complex problems and contribute to innovative projects while growing professionally in a dynamic environment.

Education

Bachelor of Science in Computer Science at Tel-Hai Academic College, Kiryat Shmona, Israel

October 2021 - August 2025

Internships

Frontend Developer Intern at Fast Simon – Startup (Scholarship Program)

August 2024 - March 2025

- Participated in a scholarship-based internship at a tech startup, focusing on eCommerce store customization.
- Collaborated with developers to implement new features and resolve technical issues, improving site functionality and user experience
- Worked with JavaScript, HTML, and CSS to deliver responsive and scalable frontend solutions.

Skills

Languages: JavaScript, HTML, CSS, Python, SQL

Frameworks & Libraries: React.js, Node.js, Express.js, FastAPI, Bootstrap

Tools & Platforms: Git, GitHub, Linux, Render, PostgreSQL, SQLite3, Postman

Projects

AI Chat & CV Analyzer

- Full-stack **AI platform** for **real-time chat** and job-specific **CV analysis** using backend APIs, with **cached responses, database persistence, and secure user authentication**.
- **Backend:** Python, FastAPI, SQLite3, JWT authentication
- **Frontend:** JavaScript, HTML, CSS, Bootstrap 5
- Integrated Google **Gemini API** for multi-language **AI interactions** deployed on Render for live use and secure data storage.
